

HEALTHY SNACK

Banana split

Equipment

- ✓ Bananas (1/2 per child)
- ✓ Reduced fat yoghurt or ricotta cheese
- ✓ Suggested toppings: desiccated coconut, muesli, fruit salad, wholegrain cereal, tinned fruit (in natural juice), frozen berries.

LET'S TALK ABOUT FOOD

Why do our bodies need healthy snacks?

- To keep us full between meals.
- To give us the energy to do our daily activities.
- To give us the nutrients we need to grow and learn every day.

Can you tell me about some healthy snacks you eat?

- Wholegrain breads and cereals (bread, crackers, brown pasta/ rice).
- Fruit and vegetables.
- Reduced fat dairy products (yoghurt, milk).

Can you tell me what are 'sometimes' snacks?

- These are foods high in fat, sugar and salt include snacks such as chips, lollies, chocolates, sugary drinks, cakes, pies, fast food.
- These foods do not give our bodies any healthy nutrients to help us grow healthy and strong.

Activity

- 1 Before starting the activity ask all children to wash their hands.
- 2 Slice bananas in half lengthways and give each child half a banana.
- 3 Place low fat natural yoghurt or ricotta cheese in bowls in the middle of table.
- 4 Place a variety of 'sprinkles' in the middle of the table.
- 5 Allow the children to create their own banana split by adding their own dollop of yoghurt/ricotta cheese and sprinkling their favourite toppings.
- 6 Eat and enjoy as a healthy snack.
- 7 Take pictures to display where everyone can see.

Why do we need to avoid eating 'sometimes' snacks every day?

- No nutritional benefits.
- Cause weight gain.
- Tooth decay.
- Leave us feeling tired and sluggish.
